## Intended Professional Learning Outcomes:

- Participants will explore multiple strategies to improve the culture and climate of their school both at the macro and micro level.
- Participants will deepen their understanding of the value of putting a focus on developing the whole child to create a safer school.
- Participants will understand the S.E.R.V.E. Model - a structured way of approaching proactive classroom management, relationships, and culture-building to intentionally infuse social-emotional learning and character development into the daily fabric of your classroom and campus.
- Participants will reflect on their own personal leadership and character development and identify ways they can improve it.
- Participants will analyze numerous resources, classroom management tools, and experiential learning activities that intentionally connect to building a positive and safe school culture.
