

Dear Member:

Thank you again for your expression of interest, as a member, to participate in one or more of our committees. We are always looking for new talent, and new voices, to share thoughts and ideas.

The committees of CASCD as well as a short description follows:

Governance and Membership Committee: Review, study & recommend changes to strategic plan and governance structure of the affiliate. Recommend, secure and implement programs that recognize our outstanding educator achievement and award recognition process.

Educational Advocacy Committee: Collaborate with other educational partners and governmental entities to promote high quality education as well as develop and expand CASCD influence in legislative policies that impact education. Influence policies and regulations that impact educational programs and policies for California educators.

Professional Development Committee: Identifies the professional growth issues and needs, develops and implements a yearly professional development plan. Sharing of best practices within CASCD membership and in CA that accelerate student learning

Products, Services, and Technology Committee: Implement effective use of social media and organize new services for CASCD members. Recommend professional development opportunities related to technology.

Please let me know what your area of interest is, and we would be happy to have you join that committee. Your valuable input would be welcomed on our monthly calls. The first step is to share with us the areas you might be interested in--this would be a great start!
