Literacy Engagement for Student Success Institute

October 26-27, 2018
Sacramento, CA

This two-day institute provides attendees with practical and effective instructional strategies designed to captivate learners, advance literacy skills, and create moments of discovery and insight in the classroom. Learn from thought-leaders in literacy education as they share research, practices, and techniques that help students connect to literacy.

At the institute, you will learn:

- Identify literacy practices that have the greatest impact on student growth
- Apply the principles of Visible Learning research to the literacy classroom
- Develop a growth mindset in both educators and students to build student agency and independence.
- Employ text structures to help students express their academic thinking

In partnership with

FEATURED SPEAKERS: Douglas Fisher, Nancy Frey, and Michael McDowell
